Report on Special Lecture by Alumni 2022-23

BGS First Grade College Department of Commerce had organized “**Special Lecture by our alumni**” on 23-03-2023 for first, second, and final year students. A total of 83 students attended this outstanding session to get answers to their questions about placements, further education, certification courses, etc.

Ms. Thanu B L welcomed the Alumni Guests to the session, and Mr. Prakash H V Assistant Professor BGSFGC introduced the first session’s guest, **Mr. Sandeep MP**, Invoice Executive New Delhi.

Mr. Sandeep MP discussed the importance of placement and answered questions on the 2–5 year corporate bond. He advised the students to concentrate on their final year project because it accounts for 40 to 60 % of the interview. He clarified several fundamental issues on the Aptitude, Group Discussion and HR rounds, and advised students to improve their abilities by obtaining certification or acquiring a higher degree. He also said that Testing and developing test cases, as well as having a firm grasp on one subject is essential. He taught the participants about the degrees offered by renowned IT companies, as well as the significance of the company’s training time (also called as honeymoon period). He also answered students’ questions on employment stability, job change, and pay hike and recommending them to focus on the company’s position rather than the remuneration package for a strong start.

Ms. Monika H U employee at Infosys Bangalore, led the following session. She discussed the significance of college placement and stated that finding a job at a company by ourselves is 2-3 times more difficult. She emphasized the need of strong communication skills and advised that they be improved by visiting YouTube channels. She said to concentrate on B.Com syllabus that included everything needed in the management field, as well as improving verbal abilities, which are essential for being presentable and professional.

Ms. Bhuvana M gave a vote of gratitude after the session closed with a Q&A round in which all of the participants were able to express their questions, which were all effectively answered by our guests' speakers.

Summary:

The guest lecture on the "Free Radicals and Antioxidants" delivered by Dr. Akila Prashant was well appreciated by almost all the students of 1st MBBS 2018-19 batch. The students felt that it was worth listening to the very useful, information, and beneficial lecture. It also facilitated easier understanding of the topic.

Majority of the students acknowledged the effectiveness of the Kahoot quiz game incorporated by the speaker to summarize the topic and it was enjoyed to the maximum. Even though they felt the 2nd session was a bit fast they overall perceived the event as a perfect mixture of 'Education and fun'.

The students have suggested to organize similar guest lecture on important topics in future, to use black board and also to include Kahoot game sessions in regular lecture classes. They also suggested reducing the inauguration session so that they will have enough lunch break.

Overall the event was applauded by all the students for its flawless organization and execution by the (team) department of biochemistry.
