ABOUT FACULTY OF NURSING

Adichunchanagiri College of Nursing (ACN) is one of the leading institutions in the country, offering Nursing education at the undergraduate, postgraduate and doctoral level.

Adichunchanagiri College of Nursing was started in the year 1995, Five years after the commencement of Diploma in Nursing Course (1991), Basic B.Sc. (Nursing) course was started in 1995, P.B.B.Sc. Nursing) started in the year 2008 and M.Sc. (Nursing) in Community Health Nursing started in the year 2011 and other M.Sc Nursing Specialities started in the year 2015. Ph.D was started in the year 2019-2020 to meet the increasing demands for nursing Graduates in Hospitals, Nursing educational Institutions, Clinics, Industrial Nursing.

Research Areas

1. **Patient Care Interventions:** Evaluating new methods or technologies to improve patient outcomes.

- **Chronic Disease Management:** Studying strategies for managing chronic conditions such as diabetes, hypertension, or cancer, Obstetrical conditions and child health issues.

- **Pain Management:** Investigating effective pain relief techniques and strategies.

2. **Public Health Nursing:**

- **Community Health:** Addressing health disparities and promoting health equity within communities.
- **Health Promotion:** Developing and evaluating health promotion programs to prevent disease and promote healthy lifestyles.
- **Epidemiology:** Studying disease patterns and risk factors to inform public health interventions.

3. **Nursing Education and Professional Development:**

- **Teaching Methods:** Evaluating innovative teaching strategies and technologies in nursing education.
- **Continuing Education:** Assessing the impact of continuing education programs on nursing practice and patient care outcomes.
- **Simulation and Clinical Skills Training:** Studying the effectiveness of simulation-based learning in nursing education.

4. **Healthcare Quality and Patient Safety:**

- **Medication Safety:** Investigating medication errors and developing interventions to enhance medication safety practices.
- **Patient-centred Care:** Studying the impact of patient-centred care models on patient satisfaction and health outcomes.
- **Aging and Long-Term Care:** Studying issues related to aging populations, long-term care facilities, and geriatric nursing practices.
- **Dementia Care:** Evaluating strategies for managing dementia symptoms and improving quality of life for patients and caregivers.
- **Psychiatric Disorders:** Investigating treatment modalities and interventions for mental health conditions such as depression, anxiety, and schizophrenia.

- **Therapeutic Communication:** Studying the impact of effective communication strategies on patient outcomes in psychiatric nursing.

Total No of Ph.D Scholars

The Faculty of Nursing at Adichunchanagiri University is currently fostering a vibrant community of five (05) Ph.D. scholars.

Total Numbers of Funded Projects 02

RAMYA R

Assistant Professor
Dept. of OBG Nursing

Topic: A study to evaluate the effectiveness of structured teaching programme on knowledge regarding post exposure prophylaxis on hepatitis b among final year lab technician students in selected institute of paramedical sciences at Mandya, Karnataka.

Agency: Adichunchanagiri University
SEED money, B G Nagara

Dr. BALAJI M S

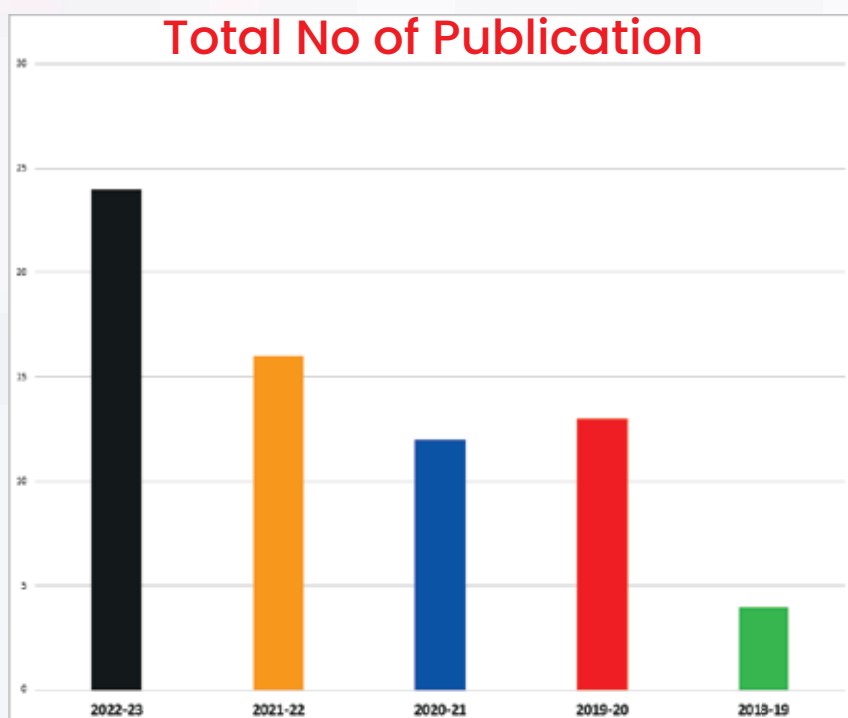

Assistant Professor
Dept. of Medical Surgical Nursing

Topic: A study to evaluate the effectiveness of video assisted teaching on knowledge regarding prevention of corona virus among staff nurses working at AH & RC, B G Nagara, Karnataka

Agency: Rajiv Gandhi University of Health Sciences, Bangalore

Total Number of Publications 69

Total Number of Patents -01

One patent has been filed at Adichunchanagiri College of Nursing under ACU.

Research Outcome Awards

Dr. KOMALA H K

- Dronocharya Award
- Best Paper Presentation Award
- Most Innovative Research Award

Mrs. ARATHI T V

- Education Icon Award
- Most Innovative Research Award

Mrs. VICTORIA SARVAND

- Education Icon Award

Mr. BALAJI M S

- Young Scientist Award
- Journal Reviewer
- Paper Presentation Consolation Prize

Mr. HEMANTH C K

- Education Icon

Research Facilities

Our state-of-the-art research facilities provide a conducive environment for innovation and collaboration. we empower researchers to explore, experiment, and excel.

- Centralized advanced simulation labs
- Dedicated Community Health Centre
- Clinical Research Units
- Computers

Research Initiatives

Explore our ongoing research initiatives that are making a significant impact in the field of nursing. From clinical research to community-based interventions, our research is shaping the future of healthcare."

Faculty Expertise

Meet our esteemed faculty members, renowned for their expertise and leadership in nursing research. Their mentorship and guidance inspire the next generation of nurse researchers to drive positive change in healthcare.
